

SIGNIFICANT WEATHER EVENT WARNING & TIPS

Please contact your Strata Manager, or our after-hours emergency contact line (1300 663 760) should there be any concerns with flooding or storm damage in your building.

Here are some tips to help you prepare:

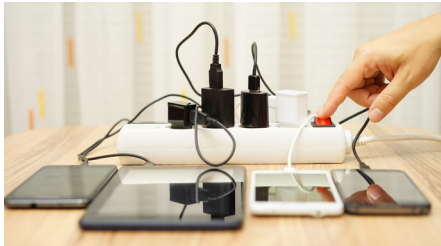

Remove valuable items from the basement or any storage areas which may be susceptible to flooding.

Clean debris from your balcony drainage.

Bring in any outdoor items that may be damaged or cause damage during a storm.

Charge your mobile devices in case of a power outage.

Locate important documentation and place them in a safe place.

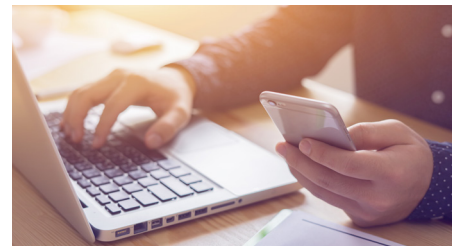

Place supplies in your vehicle in case of an emergency evacuation (food, clothing etc).

Make a household emergency kit (first aid kit, torch, batteries etc).

Monitor news and weather applications.

Enter important contacts into your phone (emergency services, friends and family).

Fill containers with water. Place in freezer to act as ice to keep food cold in the event of a power outage.

Communicate with loved ones regularly, especially if you choose to leave your home.

Bring pets indoors.

Most importantly, please keep safe and don't hesitate to contact us if you require assistance.
